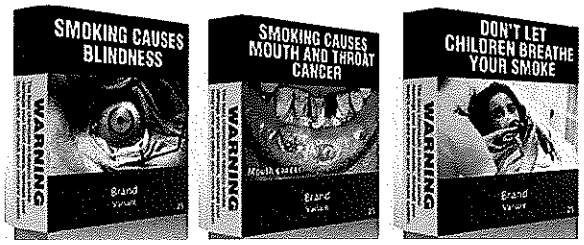
烟草产品的统一包装如何影响您的业务？

在 2016 年举行的公众咨询就四项可能实施的新烟草控制措施向公众征询意见。其中一项提案建议通过标准化或统一包装来降低烟草产品的吸引力。在 2017 年 3 月，卫生部宣布计划在 2017 年结束之前，就统一包装的提案第二次征求公众的意见。



<u>问题</u>

我担心统一包装实施后，会对我的业务带来下列负面影响：

c) 需要更多时间和人力管理产品，导致利润流失
同意 不同意

d) 去掉烟草产品包装上的品牌后，产品没有了差异性，顾客会选择较便宜的产品
同意 不同意

我担心统一包装实施后，会对我的业务带来下列营运问题而导致生产力下降：

e) 为了识别正确包装而延长每名顾客的服务时间
同意 不同意

f) 我的员工在接收和记录新货时需要用更多的时间检查货物
同意 不同意

g) 需要用更多的时间让新员工熟悉烟草产品的点算和零售工作
同意 不同意

h) 打开柜门拿出香烟过程更为复杂，并增加顾客和前线人员趁机偷窃的风险
同意 不同意

我担心统一包装会导致非法烟草产品的供求增加：

e) 统一包装很容易复制，所以更容易假冒
同意 不同意

f) 零售商、消费者和执法机构将不能轻易识别合法和非法产品
同意 不同意

g) 非法走私产品可能增加，导致未成年的青少年更容易获得非法烟草产品
同意 不同意

h) 统一包装可能导致参与走私非法烟草产品和其他犯罪活动的党派增加，并威胁我们的邻里和国家安全

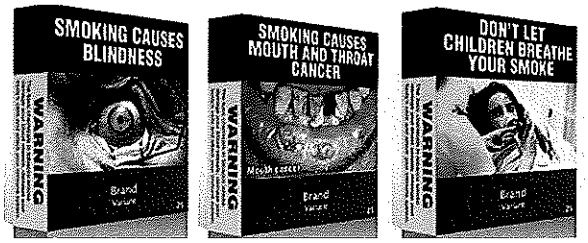
How would Plain Packaging for tobacco products affect your business?



In 2016, a Public Consultation was held to seek views on four new potential tobacco control measures. One proposal suggested reducing the appeal of tobacco products through Standardised or Plain Packaging. In March 2017, the Ministry of Health announced its intention to conduct a 2nd Public Consultation on Plain Packaging before the end of 2017.

Questions

I am worried about the following negative impact Plain Packaging would have on my business if it were to be implemented:

a) Loss of profitability due to increased time and manpower costs to manage the product category
Agree Disagree

b) Customers down-trading to cheaper products due to a lack of product differentiation as a result of the removal of on-pack branding
Agree Disagree

I am worried that the implementation of Plain Packaging would result in the following operational issues and in a loss of productivity for my business:

a) Longer service time per customer due to issues with identifying the correct packs
Agree Disagree

b) More time needed for my staff to conduct stock checks when receiving and merchandising new stocks
Agree Disagree

c) More time needed to train new staff to be familiar with stocktaking and retailing the tobacco category
Agree Disagree

d) Opportunist theft from my store by customers and front liners due to increased complexity to retrieve stocks behind closed cigarette dispenser doors
Agree Disagree

I am worried that Plain Packaging will lead to an increase in both the supply and demand for illicit tobacco products:

a) It will be easier for Plain Packaged products to be counterfeited as the packaging is very easy to replicate
Agree Disagree

b) Retailers, consumers, and law enforcement authorities will not be able to easily differentiate legal packs from illicit products
Agree Disagree

c) As there would likely be an increase in the supply of illegally smuggled products, this would make it easier for under age youths to get access to illicit tobacco products
Agree Disagree

d) Plain Packaging will lead to a rise in gangs involved in the smuggling of illicit tobacco products as well as in other criminal activities, and therefore compromise our neighbourhood and national security
Agree Disagree

If some form of packaging change were to be considered for implementation in Singapore, it would at a minimum need to allow for the continued use of the trademarked logo, brand and variant name on both packs and cartons to enable retailers, customers and law enforcement authorities to easily differentiate among tobacco products.

Questions

I am worried about the following negative impact Plain Packaging would have on my business if it were to be implemented:

a) Loss of profitability due to increased time and manpower costs to manage the product category
Agree Disagree

b) Customers down-trading to cheaper products due to a lack of product differentiation as a result of the removal of on-pack branding
Agree Disagree

I am worried that the implementation of Plain Packaging would result in the following operational issues and in a loss of productivity for my business:

a) Longer service time per customer due to issues with identifying the correct packs
Agree Disagree

b) More time needed for my staff to conduct stock checks when receiving and merchandising new stocks
Agree Disagree

c) More time needed to train new staff to be familiar with stocktaking and retailing the tobacco category
Agree Disagree

d) Opportunist theft from my store by customers and front liners due to increased complexity to retrieve stocks behind closed cigarette dispenser doors
Agree Disagree

I am worried that Plain Packaging will lead to an increase in both the supply and demand for illicit tobacco products:

a) It will be easier for Plain Packaged products to be counterfeited as the packaging is very easy to replicate
Agree Disagree

b) Retailers, consumers, and law enforcement authorities will not be able to easily differentiate legal packs from illicit products
Agree Disagree

c) As there would likely be an increase in the supply of illegally smuggled products, this would make it easier for under age youths to get access to illicit tobacco products
Agree Disagree

d) Plain Packaging will lead to a rise in gangs involved in the smuggling of illicit tobacco products as well as in other criminal activities, and therefore compromise our neighbourhood and national security
Agree Disagree

If some form of packaging change were to be considered for implementation in Singapore, it would at a minimum need to allow for the continued use of the trademarked logo, brand and variant name on both packs and cartons to enable retailers, customers and law enforcement authorities to easily differentiate among tobacco products.
Agree Disagree

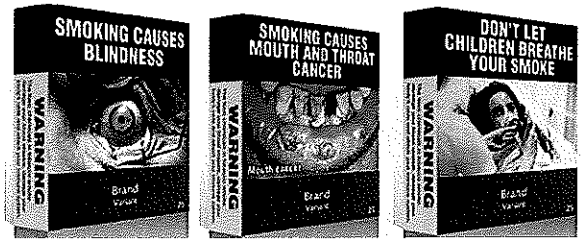
How would Plain Packaging for tobacco products affect your business?



In 2016, a Public Consultation was held to seek views on four new potential tobacco control measures. One proposal suggested reducing the appeal of tobacco products through Standardised or Plain Packaging. In March 2017, the Ministry of Health announced its intention to conduct a 2nd Public Consultation on Plain Packaging before the end of 2017.

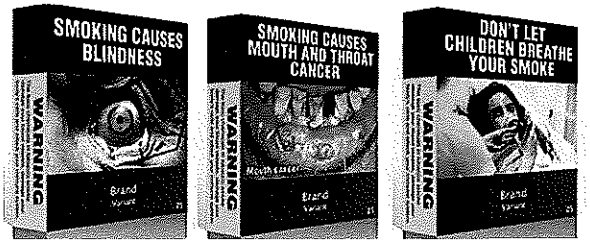
烟草产品的统一包装如何影响您的业务？



在 2016 年举行的公众咨询就四项可能实施的新烟草控制措施向公众征询意见。其中一项提案建议通过标准化或统一包装来降低烟草产品的吸引力。在 2017 年 3 月，卫生部宣布计划在 2017 年结束之前，就统一包装的提案第二次征求公众的意见。

<u>问题</u>

我担心统一包装实施后，会对我的业务带来下列负面影响：

c) 需要更多时间和人力管理产品，导致利润流失

同意　　不同意

d) 去掉烟草产品包装上的品牌后，产品没有了差异性，顾客会选择较便宜的产品

同意　　不同意

我担心统一包装实施后，会对我的业务带来下列营运问题而导致生产力下降：

e) 为了识别正确包装而延长每名顾客的服务时间

同意　　不同意

f) 我的员工在接收和记录新货时需要用更多的时间检查货物

同意　　不同意

g) 需要用更多的时间让新员工熟悉烟草产品的点算和零售工作

同意　　不同意

h) 打开柜门拿出香烟过程更为复杂，并增加顾客和前线人员趁机偷窃的风险

同意　　不同意

我担心统一包装会导致非法烟草产品的供求增加：

e) 统一包装很容易复制，所以更容易假冒

同意　　不同意

f) 零售商、消费者和执法机构将不能轻易识别合法和非法产品

同意　　不同意

g) 非法走私产品可能增加，导致未成年的青少年更容易获得非法烟草产品

同意　　不同意

h) 统一包装可能导致参与走私非法烟草产品和其他犯罪活动的党派增加，并威胁我们的邻里和国家安全

同意　　不同意

如果新加坡实施某种程度的统一包装，我至少需要在纸箱和包装上印有一些彩色和注册商标、品牌和名称，以方便零售商、消费者和执法机构区分不同的产品。
