Dear Sirs,

RE: ' Public Consultation on Proposal to Introduce Standardised Packaging of Tobacco Products in Singapore '

Please find enclosed the submission from the Consumer Packaging Manufacturers Alliance Limited (CPMA) to the Ministry of Health – Singapore relating to the above public consultation regarding the introduction of Plain ' Standardised ' Packaging for Tobacco Products'.

The CPMA was formed in 2013 to act as an industry voice to support its future and represent its view in the face of excessive regulation. We would be most grateful if the Committee could consider the consequences of the introduction of Plain Packaging in Singapore and the resultant potential adverse effects on the industry, the overall business environment and stakeholders in your location.

The enclosed Submission Report and the Executive Summary plus attachments were written following a visit to Singapore made by the undersigned in November of last year.

Yours faithfully,

Mike Ridgway
Director
Consumer Packaging Manufacturers Alliance
