Acceptable documents for verification of eligibility for Vaccination-differentiated Safe Management Measures

For fully vaccinated individuals[1]	
Acceptable Documents	**Images**
[Default and preferred option] **Vaccination and Test Status on SafeEntry (Business) app** Ensure that the 'Vaccinated' icon appears as shown in the picture before proceeding with check in. The COVID test result should not be red ('not cleared').	**Auto-check in activated** 
[1] Individuals who are vaccinated with WHO-EUL vaccines will be considered as fully vaccinated and therefore eligible for vaccination-differentiated SMMs only if their vaccination records have been captured in MOH's national IT systems. Hard copy overseas vaccination certificates are not recognised for vaccination-differentiated SMMs. Please refer to MOH's Post Vaccination Matters website for more information.

	Auto-check in not activated Vaccination Status on TraceTogether application Can be recognised at places where SafeEntry (Business) app is not implemented. Ensure it is not a screenshot by asking the individual to click on other icons or refresh button within the app. Ensure that the 'Vaccinated' icon appears as shown in the picture on the right. The COVID test result should not be red ('not cleared').	
Vaccination Status on HealthHub application Ensure it is not a screenshot by asking the individual to click on other icons within the app. Can be recognised at places where SafeEntry (Business) app is not implemented and the individual is a TraceTogether token user; or when HealthHub app reflects a different status from TraceTogether and SafeEntry (Business) app. Ensure that the 'Vaccinated' icon as shown in the picture on the right.	
HealthHub COVID-19 Vaccination Report (Hardcopy)

Can be recognised at places where SafeEntry (Business) app is not implemented and the individual is a TraceTogether token user.

Verify if the report belongs to the individual by checking against the his/her Government-issued photo identification.

Ensure that the 'Vaccinated' icon on the HealthHub app appears as shown in the picture on the right.

10 MAY 2021
BATCH NO.: ET6924
RAFFLES MEDICAL VACCINATION CENTRE - TECK GHEE CC
SINGAPORE

All doses of the COVID-19 vaccine must be completed to achieve the best possible protection, and for the protection to be as long-lasting as possible. The vaccine has been assessed to be safe for use. However, just like other vaccines, you may experience some side effects such as headache, body aches, tiredness and soreness at the injection site, or fever. These usually get better after 1-3 days and may be a sign that your immune system is making a protective response against COVID-19. The vaccination records are derived from the computerised records of the National Immunisation Registry. This report is for your personal record only. To obtain an official vaccination certificate, please visit www.notarise.gov.sg

HealthHub

Physical Vaccination Card/Slip

Only the original, hardcopy document will be accepted.

Can be recognised at places where SafeEntry (Business) app is not implemented and the individual is a TraceTogether token user.

Verify if the card/slip belongs to the individual by checking against the his/ her Government-issued photo identification.

Ensure that more than 2 weeks have passed since the final dose of the vaccine (e.g. if your final dose was on 1 July 2021 (Day 1), you would be considered to be fully vaccinated from 15 July 2021 (Day 15)).

Note. Hard-copy and digital overseas vaccination certs are not recognised.

COVID-19 VACCINATION CARD

Information about COVID-19 Vaccination

The COVID-19 vaccine you have received consists of two doses. The second dose must be completed to achieve the best possible protection, and for the protection to be as long-lasting as possible.

The vaccine has been assessed to be safe for use. However, just like other vaccines, you may experience some side effects such as headache, body aches, tiredness and soreness at the injection site, or fever. These usually get better after 1-3 days and may be a sign that your immune system is making a protective response against COVID-19.

COVID-19 VACCINATION CARD

Please bring this card for your next appointment

PERSONAL PARTICULARS

Name: _____

NRIC/FIN.: _____

DOB.: _____

YOUR NEXT VACCINATION IS DUE IN _____ DAYS

Appointment Date	Time	Place

COVID-19 VACCINATION RECORD

Vaccine Dose	Date of Vaccination	Vaccine Brand		Place of Vaccination
☐ #1		☐ Pfizer-BioNTech / Comirnaty ☐ Moderna	☐ Sinovac ☐ Other_____	
☐ #2		☐ Pfizer-BioNTech / Comirnaty ☐ Moderna	☐ Sinovac ☐ Other_____	

AFTER VACCINATION ADVICE

Possible Side Effects	How to Manage
Pain, redness, swelling at the injection site	Those with fever are advised to self isolate at home until the fever subsides.
Fever, chills	
Headache, muscle pain, joint pain	Paracetamol 1 to 2 tablets every 6 hours for adults or dosed according to the child's weight as needed
Tiredness	Rest
Lymph node swelling at neck or arms	Usually gets better by itself in a week or so

See a doctor if:
- the side effects persist or get worse
- the fever persists for more than 48 hours

You can also report any side effects that you experience to HSA via: **go.gov.sg/srf**

This vaccine may cause a severe allergic reaction in very rare instances. If you experience a severe allergic reaction **(difficulty breathing, swelling of your face, throat, eyes or lips, a fast heartbeat, dizziness or weakness, rash all over your body), please seek immediate medical attention by calling 995 or going to the nearest A&E.** The doctor will also decide if you should receive the second dose of the vaccine.

For unvaccinated individuals with a valid negative COVID-19 Test Result	
Acceptable Documents	Images
Test Status on SafeEntry (Business) app Ensure the test result is "Cleared" and within required validity period before proceeding with check in. *Note. Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMs, and will not be reflected in the SafeEntry (Business) App*	**Auto-check in activated** 
	Auto check-in not activated 
COVID Health Status on TraceTogether App

Can be recognised at places where SafeEntry (Business) app is not implemented.

Ensure it is not a screenshot by asking the individual to click on other icons within the app.

Ensure the test result is "Cleared" and within required validity period.

Note. Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMs, and will not be reflected in TraceTogether App.

Test Clearance Memo

This will be sent to individuals who have their test result status reflected inaccurately on SafeEntry (Business) app or TraceTogether app.

The unique link will be sent via SMS.

Ensure it is not a screenshot by asking the individual to click on other links within the memo.

Note. This is valid until 30 November 2021, 2359 hours.

Government agencies communicate via .gov.sg websites

TEST STATUS CLEARANCE MEMO

Name of Patient: Ken Tester

NRIC/FIN: XXXXX857J

Dear Sir/Mdm,

This memo indicates that although you were tested COVID-19 Positive using the Antigen Rapid Test (ART) on 01 Nov 2021, your test status is now "Cleared" as it has been more than 72 hours after the ART. This is so even if the TraceTogether application, or the premises'/event venues' SafeEntry Business application might indicate your test result as "Not cleared".

After 03 Nov 2021, you are allowed to enter premises and event venues (that are subject to vaccination-differentiated safe management measures) without any further PCR or ART tests (https://go.gov.sg/vdsmminfo), **as long as you are fully vaccinated**.

This memo is valid until 30 Nov 2021, and will cease to be valid if there is a subsequent PCR/ART COVID-19 positive result after 03 Nov 2021.

For more information, you may wish to visit covid.gov.sg. If you have further questions, contact the MOH COVID-19 General Enquiries Hotline at 1800 333 9999, or email moh_qsm@moh.gov.sg

Thank you.

DISCHARGE MEMO

Name of Patient: _____

NRIC/FIN: _____

To whom it may concern,

The abovementioned patient first tested positive for SARS-CoV-2 (COVID-19) via a PCR test on _____ and was isolated under the Infectious Diseases Act. The abovementioned patient was discharged on _____.

The abovementioned patient has since completed the necessary period of isolation for the treatment of COVID-19 and is **no longer infectious**. He is exempted from Pre-Event Testing until <date>.

[Please indicate N.A if not applicable]
The abovementioned patient has also been given a leave of absence[1] to rest and recover at his/her place of residence until _____.

Thank you.

For any queries, please contact the MOH Emergency Line at 1800 333 9999 or email to moh_qsm@moh.gov.sg.

DR DERRICK HENG
DEPUTY DIRECTOR OF MEDICAL SERVICES
PUBLIC HEALTH GROUP

[1] During the period of the Leave of Absence, you should remain in your place of accommodation/ residence as much as possible, and only leave your place of accommodation/residence for essentials (e.g. food and groceries, urgent medical treatment). If you have a prior non-pressing medical appointment, you should call your healthcare provider and inform them that you are on Leave of Absence, so that they can assist to reschedule your appointment.

After your Leave of Absence is over, you may report back to work, subject to prevailing safe distancing measures imposed by the Government.

e-Discharge Memo

The unique link to the e-Discharge Memo will be sent via SMS.

Ensure it is not a screenshot by asking the individual to click on other links within the memo.

Businesses to ensure that the duration of the activity is within the 270 days exemption period.
