Application Guide for Traditional Chinese Medicine Research Grant (TCMRG)

(Version 01-2017)
I. **Goals and Objectives**

The Traditional Chinese Medicine Research Grant (TCMRG) seeks to harness TCM principles and scientific research methodologies and expertise in an effort to promote the translation of TCM knowledge into better care and improved health outcomes on a sustainable basis, and to enhance the role of TCM in policy and practice in Singapore.

2. The TCMCRG serves the following objectives:

   a. To help public and healthcare professionals understand which TCM therapies have been proven to be safe and effective, empowering public to make informed decisions about TCM treatments;

   b. To assist policy makers by providing clinically proven treatments to serve the healthcare needs of the public;

   c. To improve healthcare services through a more holistic approach, increasing accessibility to more evidence based treatment options.

3. The TCMRG is awarded by the Ministry of Health (MOH), and is administered by the TCM Research Advisory Committee (TRAC) and supported by the TRAC Secretariat at MOH, PCC Division/TCM Branch.

II. **Funds Available**

4. Grants shall be awarded up to **S$750,000** (inclusive of indirect research cost) over a period of 3 years. Indirect research costs (i.e. facilities and administrative (F&A) costs) would be capped at **10%** of the direct cost of each approved grant.

5. Projects would be awarded for a period of three years. Researchers may apply for extension, but for up to a maximum of six months extension only and without any additional funding, subjected to approval from the Ministry. Funding beyond the first year will be contingent upon a review and acceptance by MOH of the progress report.

6. Funding for Overseas Travel for presentation of papers will only apply for grants with approved amount **greater than $50,000** (excluding IRC). For projects eligible for overseas travel funding, it will be capped at 5% of total grant amount, and/or not more than **$5,000** per project

7. Research Scholarships will not be funded

8. MOH reserves the right to decide on the number of projects to award, and the final amount of grant for each approved project. An application with a project period that exceeds three years or a budget that exceeds S$750,000 total cost will not be reviewed.

9. Payments for approved projects shall be made on reimbursement basis only.

10. The Ministry shall be entitled, without prejudice to any of its other rights, to defer or refuse payment of any sum until such time that the project targets/requirements have been fulfilled.

III. **Scope and Assessment Criteria**

11. The TCMRG is provided to individual researchers (the Principal Investigators) to enable them to carry out TCM research on a specifically defined topic within a defined time period (3 years). Grants are awarded based on relevance, scientific merit, implementability, and national significance. Proposals with phytochemical or pharmacological focus (e.g. extraction and/or study of chemical components in herbs) or commercial interests will not be supported.

12. The TCMRG seeks a wide range of research projects. To ensure that awarded research projects have local implementability and national significance, priority would be given to research
projects which address the strategic areas and priority themes. While priority would be given to research projects which address the strategic areas and priority themes, proposals whose topics do not fall within these areas and themes may still be submitted for consideration. Proposals with joint collaboration between clinicians/researchers in public healthcare institutions and TCM VWOs will be accorded with higher priority.

a. Asthma control

b. Cost effectiveness studies, health-related quality of life studies, health promotion NEW

c. Diabetes control

d. Health benefits for the elderly through traditional Chinese exercise (e.g. 太极 taiji and 八段锦 baduanjin) NEW

e. Health benefits for the elderly through traditional Chinese manipulative therapies (e.g. 推拿 tuina) NEW

f. Hypertension prevention/control

g. Obesity

h. Pain management, focusing on joint pain NEW

i. Post stroke rehabilitation

j. Skin conditions: e.g. atopic dermatitis, eczema, psoriasis NEW

k. Substance abuse (alcohol/smoking cessation)

l. Women's Health: e.g. menopause, infertility and menstrual problems NEW

IV. Eligibility

13. Project Teams applying for the TCMRG should fulfil the following criteria:

a. Only one Principal Investigator (PI) is allowed per application. PIs for TCMRG must be from local public healthcare or academic institutions (i.e. Clusters/ RH&Is, Universities, HPB, or HSA) The PI shall be the point of contact for MOH, with the stated Department and Institution as the Host Institution (for administrative and finance matters). Applicants with multiple appointments at different institutions are to select only one Host Institution for the application.

b. PIs for TCMRG should possess a minimum academic qualification of PhD and/or MBBS/BDS/PharmD/MD and/or other appropriate Postgraduate Qualification. In particular,

- PIs should have at least one first-author publication;
- for clinicians, applicants should be at least an Associate Consultant (or equivalent); or
- hold at least an adjunct position in a local public institution and salaried by the institution;
- have access to laboratory services (biochemical/radiological) to conduct research in Singapore (if applicable, depending on the types of research) and reside in Singapore.

c. Applications must be endorsed by the institutional heads (CEO or equivalent), to ensure institutional support, ownership, and oversight for the projects.
d. The PIs, together with their Project Teams, are responsible for the planning, direction, and execution of their proposed projects.

e. Co-investigators need to hold at least an adjunct position in a local public institution.

f. Researchers from TCM VWOs and private TCM schools may participate as collaborators.

g. TCM practitioners, fully registered with the Traditional Chinese Medicine Practitioners Board, preferably with more than 10 years of clinical experience, may lead in project teams as PIs for studies that do not involve clinical trials and/or laboratory services e.g. observational / case description type studies.

h. Applications from TCMP PIs, not from PHIs, must also be endorsed by their institutional heads (in this case, CEO or equivalent of TCM VWOs, with IPC status) to ensure institutional support, ownership, and oversight for the projects.

i. Researchers from overseas institutions are not eligible to participate as collaborators.

j. Projects which are currently already receiving support from other sources of funding will not be eligible for TCMRG funding, so that there is no double funding.

k. Any exceptions will be evaluated by the TRAC on a case-by-case basis.
V. Submission of application

14. The TCMRG is open for application from 2 Jan 2017 to 31 Mar 2017. No late submission or revision to the submitted application will be entertained after the closing date.

15. To apply, please refer to instructions found in the following documents:

a. TCMRG Application Form;

b. Terms and Conditions of a Competitive Grant (TCMRG)

c. Guidelines for the Management of MOH Funding Programme (TCMRG)

d. General Instructions and Checklist found in Annex A

16. Application should be routed to Host Institution Research Office for completeness check and endorsement, before it is submitted to MOH. It is the PI's responsibility to ensure that the submitted proposal is endorsed by the Host Institution Research Office. Internal Host Institution submission deadline may apply, please check with your Research Office for more information.

17. Submit 1 soft copy (1 file including all attachments either in Word DOC or PDF format) and 1 hardcopy (with original signatures) through your Host Institution's research coordinator, to MOH_TRAC_Secretariat@moh.gov.sg and the following, respectively:

   TRAC Secretariat
   Manager (PCC Div / TCM Branch)
   Ministry of Health
   College of Medicine Building
   16 College Road
   Singapore 169854

18. Incomplete applications will be rejected. Completeness check not cleared by Research Office will also be rejected.

19. For further assistance, please contact Email: MOH_TRAC_Secretariat@moh.gov.sg or Telephone: 6325 1564 or 6325 1253.

VI. Review and Selection Process

20. Upon receipt, applications will be reviewed by the Secretariat for completeness and alignment with TCMRG objectives and priority themes. Incomplete applications, or applications not in line with TCMCRG objectives, or applications not following instructions given in this Application Guide and / or in the Application Form will be rejected.

21. Applications that are complete and aligned with TCMRG objectives will be forwarded for evaluation on the implementability, national significance and scientific merit by TRAC.

22. Review and selection of projects would generally require 3 – 6 months from the Closing Date. The earliest anticipated start date for awarded projects would generally be 3 months after notification of award.

VII. Award Notices

23. For successful applicants, a formal notification in the form of a Letter of Award will be provided to the Applicant, through the Host Institution.
VIII. Terms & Conditions

24. All TCMRG awards are subject to MOH Terms and Conditions of a Competitive Grant (TCMRG) and Guidelines for the Management of MOH Funding Programme (TCMRG). Please refer to the MOH TCMRG website\(^1\) for the latest copy of the Terms and Conditions.

IX. Reporting

25. Successful applicants will be required to submit the TCMRG Progress Report and Yearly Audit Report. Please refer to Section 12 Reporting Requirements of the Terms and Conditions for TCMRG.

X. CONTACTS

26. For further enquiries, please give us a call at 6325 1564 or 6325 1253 or send us an email (MOH_TRAC_Secretariat@moh.gov.sg).

\(^1\) http://www.moh.gov.sg
**General Instructions**

- Complete all sections in the application.
- Follow the instructions closely in every section.
- TCMRG budget is capped at **S$750,000 inclusive of indirect research cost capped at 10% of the direct cost.**
- The period of support should not be more than 3 years.
- **Resubmission attempts are capped at two times. Funding is not guaranteed for resubmitted proposal.** (Resubmission refers to proposals resubmitted after earlier unsuccessful application(s). It is not a re-written proposal from a new perspective. If more than 50% of the proposal is to be revised, it should be submitted as a new application).
- There is no limit to the number of Co-Investigators or collaborators. Please specify and describe clearly the roles of Co-Investigators and collaborators in the relevant section.
- Include CVs of the PI, Co-Investigator(s), and Collaborators with the email addresses and contact information clearly stated. **PI’s CV is limited to 2 pages. Co-Investigators and Collaborators’ CV is limited to 1 page.**
- Refer and adhere to the **budgeting requirements.** Provide a breakdown for all categories with justifications and supporting documents such as quotations (if available) for all purchases. Tally and provide both a **subtotal amount** for each category and the **total amount** budgeted.
- Use Arial font size 10 for all attachment/text.
- Softcopy of proposal to be submitted as 1 file including all the pictures, tables, charts and various attachments either in Word DOC or PDF format in the relevant section(s). Adhere to the number of pages where specified. Reformat softcopy such that all blank or irrelevant pages are removed.
- The PI & Institution Director (Institutional Support) original signatures are required. The co-investigators/collaborators’ signatures can be Photostatted/ faxed copies.
- Plagiarism (without permission from author or reference made to source) will be referred to Host Institution for investigation and may be subjected to disciplinary actions.

**Additional document required for Re-submission Applications**

- Resubmission refers to proposals resubmitted after earlier unsuccessful application(s). It is not a re-written proposal from a new perspective. If more than 50% of the proposal is to be revised, it should be submitted as a new application.
- A proposal can only be resubmitted **two times.** Proposal which has been resubmitted for more than two times will be rejected.
- Append reviewers’ reports/comments of the previous unsuccessful application(s), and any other relevant information, as one document, in the relevant section.
- On a separate document, **itemize how the revised proposal** (ie. re-submission application) has addressed past reviewers’ comments, and **highlight new features or merits** of the revised proposal.
MOH TRADITIONAL CHINESE MEDICINE RESEARCH GRANT (TCMRG) CHECKLIST

1. PIs are advised to familiarize themselves with the following documents before applying for TCMRG:
   ( ) MOH Traditional Chinese Medicine Research Grant Terms & Conditions
   ( ) Budgeting Requirements in the Guidelines for the management of the TCMRG

2. Your Application Form should consist of the following:
   ( ) Category of Research Proposal
   ( ) Title of Research
   ( ) Total Amount
   ( ) Period of Support
   ( ) Key Words
   ( ) Ethical Considerations
   ( ) Abstract(s)
   ( ) Details of Research Proposal (aims, health economics significance, prelim studies, methodology, references) - limit to 12 pages excluding references
   ( ) Description of Co-Investigators and Collaborators’ role in the project
   ( ) Work Contribution of PI & Team Members
   ( ) Biographical Sketch of PI & all Co-investigators & Collaborators
   ( ) Budget breakdown & Justifications (Manpower, OOE)
   ( ) Milestones
   ( ) Expected Outcomes
   ( ) Concurrent funding sources – Attach scientific abstracts of all grants listed in section 17
   ( ) Institutional Support - Research Director Signature (must be original) and Comments
   ( ) Signatories (Original signature required for PI)
   ( ) Additional documents:
     Re-submission applications -
     i) Past reviewers’ reports/ comments
     ii) New features/merits

     Renewal applications – Progress/ Final Report

3. Please submit through your host institution research coordinator:
   ( ) 1 x Hard copy (with original signatures) to PCC Div/ TCM Branch, Ministry of Health, College of Medicine Building, 16 College Road, Singapore 169854.
   ( ) 1 x Soft copy (1 file including all attachments either in Word DOC or PDF format) to MOH TRAC Secretariat (MOH_TRAC_Secretariat@moh.gov.sg).
