

WHAT IS HOME QUARANTINE ORDER?

- Individuals under **Home Quarantine** are persons who:
 - are well and have no symptoms
 - had contact with a confirmed case
- They are placed under **strict orders** not to:
 - leave their places of quarantine
 - come into contact with other individuals
- **Support for daily necessities** is provided to all persons under home quarantine

WHO ARE CLOSE AND TRANSIENT CONTACTS?

CLOSE CONTACTS

Anyone who had

- provided care for the patient (*including a healthcare worker or family member*)
- other similarly close physical contact
- stayed (*e.g. lived with, visited*) at the same place as a case

TRANSIENT CONTACTS

Anyone who had interacted with the confirmed case for short periods of time, such as passing by each other by the corridor or being on public transport or public spaces. The risk of infection from transient contact is assessed to be low

- Health status of all **close contacts** will be monitored closely for **14 days** from their last exposure to the patient
- Those who **develop symptoms** will be **brought to the hospital** in a dedicated ambulance for further assessment

**REMAIN VIGILANT AND
ADOPT GOOD PERSONAL
HYGIENE PRACTICES**
