ACCEPTABLE DOCUMENTS FOR VERIFICATION OF ELIGIBILITY FOR VACCINATION-DIFFERENTIATED SAFE MANAGEMENT MEASURES (SMMs)

[UPDATES]
From 26 April 2022, vaccination-differentiated SMMs will be removed from all settings, except for events with more than 500 participants at any one time, nightlife establishments where dancing among patrons is an intended activity, and food and beverage establishments. Please refer to the MOH Press Release on 22 April 2022 for more details.

From 1 August 2022 onwards, only the TT app and HealthHub app can be used to verify a person’s eligibility to access settings under Vaccination-differentiated SMMs. Those with doctor-certified MI memos would have had their records updated in the system and reflected on the TT app or HealthHub app.

Auto Check-in is On

A green screen with the message “Check-in recorded” is shown.

\textsuperscript{1} Individuals who are vaccinated with WHO-EUL vaccines will be considered as fully vaccinated and therefore eligible for vaccination-differentiated SMMs only if their vaccination records have been captured in MOH’s national IT systems. Hardcopy overseas vaccination certificates are not recognised for vaccination-differentiated SMMs. Please refer to [MOH's Post Vaccination Matters website](#) for more information.

BATCH NO.: EV4BS5  
HONG KAH VACCINATION CENTRE  
SINGAPORE

11 MAY 2021  
BATCH NO.: ET9524  
HONG KAH VACCINATION CENTRE  
SINGAPORE

All doses of the COVID-19 vaccine must be completed to achieve the best possible protection, and for the protection to last as long as feasible as possible. The vaccine has been assessed to be safe for use. However, just like any other medication you may experience some side effects such as headaches, body aches, fatigue and redness at the injection site, or fever, which usually get better after 1-2 days and may be a sign that your immune system is making a protective response against COVID-19. The vaccination records are derived from the computized records of the National Immunisation Registry. This report is for your personal record only. To obtain an official digital vaccination certificate for travel purposes, please visit www.covidtrack.gov.sg

**Auto Check-in is On**
A green screen with the message “Check-in recorded” is shown.

² From 1 December 2021, individuals who are certified to be medically ineligible for all vaccines under the National Vaccination Programme that currently include Pfizer-BioNTech/Comirnaty, Moderna and Sinovac-CoronaVac COVID-19 vaccines will be eligible for vaccination-differentiated SMMs. To be certified as medically ineligible, individuals may visit a clinic or hospital from 22 November 2021 to obtain a hardcopy doctor-certified memo. The information would also be subsequently keyed into MOH’s Health IT systems so that their entry can eventually be enabled by the TraceTogether/Safe Entry check-in systems at vaccination-differentiated SMMs premises or activities. Please refer to go.gov.sg/vdsmminfo for more details.

“Exempted from Vaccination” Status on TraceTogether App

Option 1 (Exempted from vaccination)

Can be recognised at places where SafeEntry (Business) app is not implemented.

There are two options of sighting user’s status via the TraceTogether App. We recommend **Option 1**, i.e. **simply sighting the green pass** from home screen which is available from **TT App v2.14.0** and above. This is more convenient for individuals and venue staff.

**Option 1:** “Green pass” from home screen
Allow entry as long as the pass has a green background and an animated otter at the top.

**Option 2:** “Green pass” from SafeEntry checkin (for individual check-ins only)
Allow entry as long as the SafeEntry check-in pass has a green background and an animated otter at the top.

**Option 3:** COVID Health Status Cards on the home screen
Ensure that the individual’s app shows a green vaccination card, similar to the picture on the right.

Ensure it is not a screenshot by sighting at an animated otter at the top.
II. For individuals who are medically ineligible for vaccines under the National Vaccination Programme

Recovery Memo

This will be issued at point of discharge from medical facility in printed, hard-copy form.

Verify if the memo belongs to the individual by checking against his/her Government-issued photo identification card.

Businesses to ensure that the duration of the activity is within the 180 days exemption period calculated from the date stated in the memo.

Note: As of 13 Jun 2022, the issuance of recovery memos on D7 (vaccinated)/D14 (unvaccinated) for those enrolled under Home Recovery Programme (HRP) and those recovering in an MOH facility has ceased. Recovered patients who have tested positive for COVID-19 via a supervised or healthcare administered test may self-generate a notarised copy of recovery certificate (nRC) via Notarise (https://www.notarise.gov.sg).

From 21 January 2022, patients under Protocol 1 will be issued with a recovery memo at Day 4 of the recovery journey rather than a discharge memo.
### III.
