

Summary of Cases in the Community

Case Number	Date of Confirmation	Onset date	Age (years)	Gender	Nationality	Travel History	Exposure	Key Places Visited after Symptoms Onset/ Swab (for asymptomatic cases)	Links	Cluster
31745	24 May	20 May	6	F	SC		Local linked		Household contact of Cases 30385 and 31141	CDPL Tuas Dormitory
31760	24 May	Nil	48	M	PRC		Local linked		Contact of Case 15645	
31800 ¹	24 May	Nil	23	F	SC		Local unlinked			
31844 ²	24 May	Nil	25	F	SC		Local linked	Went to work at Learning Vision @ NUHS	Contact of Case 31845	
31845 ³	24 May	Nil	44	F	PRC		Local linked		Contact of Case 31844	
31891	24 May	24 May	56	M	PR		Local linked			Cassia @ Penjuru

¹ Picked up as a result of proactive screening of preschools staff. Had not gone to work recently.

² Picked up as a result of proactive screening of preschools staff.

³ Picked up as a result of proactive screening of preschools staff. Had not gone to work recently.

Public Places Visited by Cases in the Community during Infectious Period⁴

From today, we are providing a list of public places that confirmed cases in the community had visited for more than 30 minutes. As epidemiological investigations progress, the list will be updated accordingly.

Those who had been identified as close contacts of confirmed cases would already have been notified by MOH.

As a precautionary measure, persons who had been at these locations during the specified timings should monitor their health closely for 14 days from their date of visit. They should see a doctor promptly if they develop symptoms of acute respiratory infection (such as cough, sore throat and runny nose), as well as fever and loss of taste or smell, and inform the doctor of their exposure history.

Date	Time	Location (Address)
20 May	1630h – 1800h	Jurong Point (1 Jurong West Central 2) <ul style="list-style-type: none">• NTUC Fairprice
21 May	1730h – 1830h	Jurong Point (1 Jurong West Central 2)
	1745h – 1815h	Shokutsu Ten Japanese Food Street @ Jurong Point

⁴ Excludes residence, workplaces, healthcare facilities and public transport. This list will be updated on a rolling 14-days basis, i.e. one incubation period.
