		VTL~	Non-VTL	
Countries/ Regions	Macao, Mainland China and Taiwan	Australia, Brunei Darussalam, Cambodia, Canada, Denmark, Fiji, Finland, France, Germany, India, Indonesia, Italy, Malaysia, Maldives, the Netherlands, the Republic of Korea, Spain, Sri Lanka, Sweden, Switzerland, Thailand, Turkey, the United Kingdom, and the United States &	All other Countries/ Regions	Nil
Border Health Measures^	1. Pre-Departure Antigen-Rapid Test (ART) or Polymerase Chain Reaction (PCR) Test within 2 days before departure for Singapore		1. Pre-Departure PCR Test within 2 days before departure for Singapore	
	2. On-Arrival Supervised Self Swab (SSS) ART within 24 hours of entry%		-	2. On-Arrival PCR Test
	-		3. 7-day Stay- Home Notice (SHN) at declared place of accommodation#	3. 7-day SHN at dedicated SHN facility@
	-		4. SHN exit PCR test*	

Travellers, who are not Singapore Citizens, Permanent Residents or LTPHs, may enter Singapore for short-term visits only if: (a) they are arriving from Category I countries/ regions (with travel histories in the past 7-days in these countries/ regions and/or Singapore); or (b) there are specific arrangements for short-term visits (e.g. VTLs, Reciprocal Green Lanes).

* 7-day travel history does not include countries/ regions where the traveller transited within 24 hours enroute to Singapore. This does not apply to travellers under the VTL. For travel history requirements under the VTL, please check the [SafeTravel website](#) for details.

~ VTL requirements apply – for instance, short term visitors will need to apply for a Vaccinated Travel Pass (VTP) to travel on designated VTL bus, ferry, or flight services.

& VTL arrangements with Hong Kong, Qatar, Saudi Arabia and the United Arab Emirates will commence from 25 Feb 2022.

^ There may be administrative, health and vaccination requirements for each Safe Travel Lane that are in addition or differ from the measures above. For example, Long-Term Pass Holders (LTPHs) with passes issued by the Ministry of Manpower (MOM) have to comply with additional requirements and measures. Check [SafeTravel website](#) for details.

% Travellers should visit Quick Test Centres (QTCs) or Combined Test Centres (CTCs) for their on-arrival SSS ART. The weblink to book tests at QTC or CTC will be provided in the Testing Notice issued to travellers upon their

entry into Singapore. Travellers should self-isolate prior to receiving the on-arrival test result. If you feel unwell, please visit a clinic for medical advice via private transport.

Travellers should isolate in their room and minimise contact with any household members, especially vulnerable household members. If this is not feasible, travellers or the vulnerable household members should consider alternative accommodation.

@ The charges for 7-day SHN at a dedicated SHN facility currently amount to \$1,015.

+ Travellers will be notified of their test appointment closer to the date of their exit PCR test.
