

### **Revisions to Border Measures**

1. From **23 January 2022, 2359 hours**, fully vaccinated and recently-recovered travellers may be exempted from prevailing border measures if they are able to present the following documents (in English, or with an English translation) in addition to the necessary vaccination certificates:
  - a. Positive COVID-19 Polymerase Chain Reaction (PCR) test or professionally-administered Antigen Rapid Test (ART) result between 7 – 90 days before the date of departure for Singapore; or
  - b. Discharge memo that:
    - i. states your name, and at least one other personal identifier such as the date of birth or passport number corresponding exactly with the information in your passport used for entry into Singapore;
    - ii. states your date of infection or the discharge date, which must be within 7 – 90 days before the date of departure for Singapore; and
    - iii. is issued by a relevant state authority or licensed medical professional.
2. In addition, recently-recovered travellers who are not fully vaccinated (including non-fully vaccinated children aged 12 and below) may be exempted from Pre-Departure Testing requirements if they are able to present the following documents:
  - a. Positive COVID-19 PCR test or professionally-administered ART result between 14 – 90 days before the date of departure for Singapore; or
  - b. Discharge memo that:
    - i. states your name, and at least one other personal identifier such as the date of birth or passport number corresponding exactly with the information in your passport used for entry into Singapore;
    - ii. states your date of infection or the discharge date, which must be within 14 – 90 days before the date of departure for Singapore; and
    - iii. is issued by a relevant state authority or licensed medical professional
3. Fully-vaccinated travellers who are diagnosed or suspected to be infected with COVID-19 within 7 days of their departure for Singapore, or non-fully vaccinated travellers who are diagnosed or suspected to be infected with COVID-19 within 14 days of their departure for Singapore, may be permitted to depart for Singapore if they test negative for COVID-19 on a COVID-19 PCR test or professionally-administered ART at least 72 hours after their initial diagnosis. They will continue to be subjected to all prevailing border measures if they are unable to fulfil the criteria in either para 1 or 2 of this Annex.

## Summary of Border Measures from 23 January 2022, 2359 hours

Singapore. This does not apply to travellers under the VTL. For travel history requirements under the VTL, please check the [SafeTravel website](#) for details.

# Travellers should isolate in their room and minimise contact with any household members, especially vulnerable household members. If this is not feasible, travellers or the vulnerable household members should consider alternative accommodation.

@ The charges for 10-day SHN at a dedicated SHN facility amount to \$1,450.

+ Travellers will be notified of their test appointment closer to the date of their exit PCR test.

% To expedite the COVID-19 test at the checkpoints, travellers are strongly encouraged to register and pre-pay for their on-arrival COVID-19 test prior to departing for Singapore at <https://safetravel.changiairport.com/arrivalswabtest/#/> (for Changi Airport) and <https://t.2c2p.com/express/parkwayshenton> (for Tanah Merah Ferry Terminal).

Long-Term Pass Holders (LTPHs) with passes issued by the Ministry of Manpower (MOM) have to comply with additional requirements and measures.

Travellers, who are not Singapore Citizens, Permanent Residents or LTPHs, may enter Singapore for short-term visits only: (a) if they are arriving from Category I countries/ regions (with travel histories in the past 14-days in these countries/ regions and/or Singapore); or (b) if there are specific arrangements for short-term visits (e.g. VTLs, Reciprocal Green Lanes).
