Thank you.

Stamp/ Signature/Date

Name:

Designation:

**Name of Antigen Rapid Test ("ART") Provider
(including clinic name and branch if applicable):**

Confirmatory COVID-19 PCR tests for ART-positive and ART-invalid results are available at Swab-and-Send-Home (SASH) Public Health Preparedness Clinics (PHPCs), fully subsidised by the Government. A list of SASH PHPCs can be found at <http://phpc.gov.sg>. **You must call the clinic to make an appointment and confirm that you are able to obtain a swab during your visit. Confirmatory COVID-19 PCR tests can also be obtained from non-SASH PCR test providers but at the individual's own expense.*

¹ An 'ART-invalid' test result means that the sample(s) has been tested twice and in both instances, there was no conclusive finding as to whether the individual is tested positive or negative. An individual who tests ART-invalid is subject to the same requirements as the individual who tests ART-positive.
