33395	28 May	Asymptomatic	46	M	India		Local linked			
33396	28 May	Asymptomatic	29	M	India		Local linked			
33402	28 May	Asymptomatic	25	M	India		Local linked			
33723	28 May	Asymptomatic	36	M	India		Local linked		Contact of Cases 29257 and 29258	564 A-E Balestier Road
33599	28 May	Asymptomatic	35	M	India		Local unlinked			
33620	28 May	Asymptomatic	31	M	Bangladesh		Local unlinked			

\* Cases shaded in blue were picked up as a result of our proactive surveillance and screening. Cases 33395, 33396 and 33402 were tested as part of our screening of migrant workers residing at shophouses located at Balestier Road, due to their proximity to another cluster in the same area. Cases 33599 and 33620 were tested before they were due to start work on plumbing/ electrical projects at schools, as a precautionary measure to prepare for the safe re-opening of schools.

**Public Places Visited by Cases in the Community during Infectious Period<sup>1</sup>**

<b>Date</b>	<b>Time</b>	<b>Location (Address)</b>

25 May	1100h – 1200h	Jurong West 505 Market and Food Centre (505 Jurong West St 52)

Those who had been identified as close contacts of confirmed cases would already have been notified by MOH.

As a precautionary measure, persons who had been at these locations during the specified timings should monitor their health closely for 14 days from their date of visit. They should see a doctor promptly if they develop symptoms of acute respiratory infection (such as cough, sore throat and runny nose), as well as fever and loss of taste or smell, and inform the doctor of their exposure history.

---

<sup>1</sup> Excludes residence, workplaces, healthcare facilities and public transport. This list will be updated on a rolling 14-days basis, i.e. one incubation period, and as epidemiological investigations progress.
