

**Border Measures for Travellers Entering Singapore
from 28 August 2022, 2359 hours**

	General Travel Category	
	Vaccinated Travellers	Non-fully Vaccinated Travellers
Countries/ Regions	All countries/regions	
Border Health Measures*	-	Pre-Departure PCR Test, professionally administered ART, or self-administered ARTs supervised by licensed Singapore providers (including remotely supervised ARTs [^]), conducted within 2 days [#] before departure for Singapore

* There may be administrative, health and vaccination requirements that are in addition or differ from the measures above. Refer to the [ICA website](#) for details.

[^] Refer to <https://go.gov.sg/remote-art-overseas-sg> for a list of approved remotely supervised ART Pre-Departure Test providers, and the travellers that this service applies to.

[#] For example, if a traveller is scheduled to depart for Singapore on 3 November 2022 2359 hours, the earliest he can take his Pre-Departure Test is on 1 November 2022 0001 hours.
