

From end-2015, MediShield Life will provide all Singapore Citizens and Permanent Residents, even those with current or pre-existing illnesses, with healthcare coverage for life. The Government will provide subsidies to help keep premiums affordable. If you have an Integrated Shield Plan, these subsidies also apply to the MediShield Life component of it.

- Transitional Subsidies of up to 90% of the premium increase for all Singapore Citizens in the first four years
- Pioneer Generation Subsidies for life
- Premium Subsidies for the lower- to middle-income

No one will lose MediShield Life coverage due to the inability to afford premiums. For those who cannot afford their premiums even after subsidies, the Government will provide Additional Premium Support.
