

# What You Need to Know About MediShield Life

MediShield Life is a basic insurance scheme that helps Singaporeans pay for large hospital bills and expensive outpatient treatment in B2 or C class wards and subsidised treatment in public hospitals.

If you choose to stay in a B1 or A class ward or in a private hospital, you will still benefit from MediShield Life. However, you will have to pay more from your Medisave and/or cash.

## Am I covered by MediShield today?

To find out if you are covered by MediShield or any Medisave-Approved Private Integrated Shield Plan:

Go to [cpf.gov.sg](http://cpf.gov.sg) > Log on to *my cpf Online Services* > Go to *"My Messages"* > See *"Insurance"* section with your SingPass

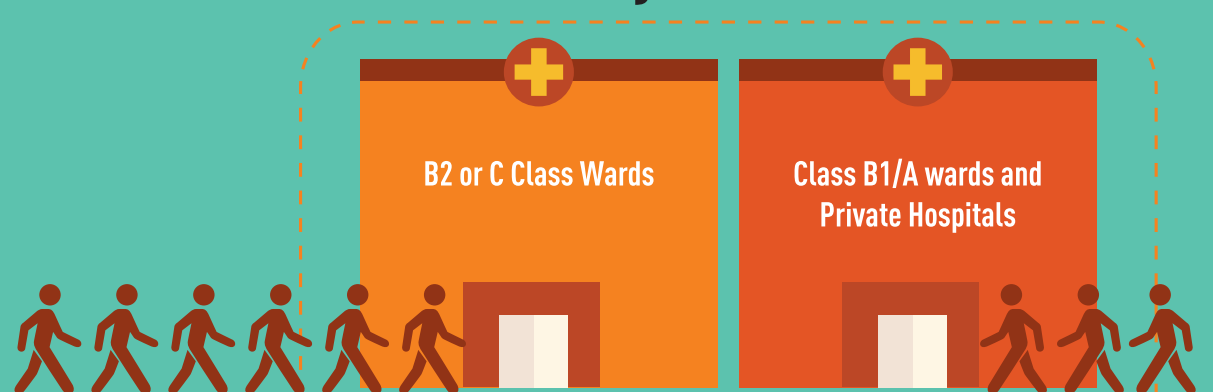

MediShield Life will provide **Better Protection For All Singaporeans For Life** regardless of their health conditions.

## How can I apply for MediShield Life?

You do not need to apply for MediShield Life. All Singapore Citizens and Permanent Residents, regardless of whether you are covered by MediShield now, will be automatically covered under MediShield Life when it is implemented in end 2015.

## Do you know?

Two-thirds of all patients choose B2 or C class wards when they are admitted to hospitals.

Next week, find out how you will benefit from MediShield Life!
